SUMMARY

I am an innovative and driven individual, passionate about bringing your dreams to life. You thrive on tackling unique and intriguing challenges, leveraging your natural curiosity and problem-solving skills. A collaborative teammate, you enjoy working with others to build technical solutions, while also standing up for your own ideas when needed. Your work is marked by a balance of speed and quality, guided by sharp instincts and efficient time management. With a strong foundation in Computer Science and an interest in industry trends, you are well-equipped to write clean, efficient code.

EDUCATION

BBD University, Lucknow

Bachelor of Technology - Computer Science and Engineering - CGPA - 8.56

2022 – Pursuing

Lucknow, India

EXPERIENCE

Gradhub

April 2024 – Jul 2024

Frontend Intern

- Developed a user authentication page and MongoDB to store data from client side
- Developed a full-stack web application using Nextjs, Mantine UI, Story.js and WebSocket to develop Authentication and Student chatting page section
